A personal-size pizza has the radius shown in the diagram. Will the pizza fit on a plate with a radius of $\sqrt{10}$ inches or a radius of $\sqrt{12}$ inches. What is the approximate value of each radius?

Select the correct response.

- $\sqrt{10}$ inches; $\sqrt{10} \approx 3.16$.
- $\sqrt{10}$ inches; $\sqrt{10} \approx 5$
- $\sqrt{12}$ inches; $\sqrt{12} \approx 6$
- $\sqrt{12}$ inches; $\sqrt{12} \approx 3.46$.
