

# Developmental Scrapbook

Made by Meta \*\*\*\*\* 3<sup>rd</sup>

# General Information -

- Born on October 20<sup>th</sup>, 20??
- Born in Mittweida, Saxony, GER
- My childhood/upbringing was pretty basic. I didnt face any major challenges that would impact me later in life.
- I think that my physical features are a result of nature (hereditary) and that my personality is a cause of nurture (environmental)
- I wouldnt say I have any specific views on getting older. Its just something that is inevitable and im not against that.

# My first two years

## Birth

- I was born 53cm with a weight of 3100g

Picture taken shortly after birth

Picture taken few weeks before turning 1 year

## Birth - 12 months

- Started babbling
- Started walking at 1 year old

## 12 - 24 months

- Said my first word at around 13 months.

# Early Childhood 2-6 years

- Started going to Kindergarten 2013 at age 32 months (or 2  $\frac{3}{4}$  years)
- Started Elementary School in 2016 at age 5
- Throughout my early childhood I interacted with other people relatively normally. I wasn't particularly shy and had many friends.

# Middle Childhood 6 - 11 ages

- The main memories that stand out to me are from school, they don't have any correlation though.
- I had a few friends during this time, and i was very close to my family.
- I regularly went biking during these years.
- I was a dependant and easy child, I dont think that temperament has stuck with me to this day.
-
